

distributing to the poor students was shared by Fr. Ronald. Adding to Fr. Ronald, His Grace expressed that earlier the parishes are able to help the poor students but now the Parish priests are not capable of organizing it and also every parish is not able to collect money from the Parishners for this purpose. Many Parents are not able to pay the school fee fully, so can the archdiocese allow those parents to pay these in installments. In installments the Parents can pay but not of the actual fees of the school. Some guidance could be made available for the parents to pay the actual fees in installment said by Fr. Mathew VC. Parents could be allowed to pay in four installments through every three months.

Income of the Parents which are mentioned in the application must be

checked and considered by the Parish priests, said by Fr. Tobias Minj. The point that many Parish Priests are not verifying the family was put forth by Fr. Mathew VC. Parish Priests do give letters for concession of our Catholic Students and so we consider in our school was mentioned by Fr. Athnas SJ. Youth and PRO office could work together to find out the poor families in all the Parishes and make a survey on it was concluded by His Grace.

Finally His Grace said; If the Parents have the conviction that education is must, they would pay the fee and educate their children. If they consider education as last priority, then they will look for everything for free. The meeting got over by 6.00pm with a thanksgiving hymn by the members present.

-Fr. Alexander Jesudasan

EDUCATIONAL HELP : 2015-2016
